

NATIONAL INITIATIVE ON MATHEMATICS EDUCATION (NIME 2011-2012)

NATIONAL CONFERENCE ON MATHEMATICS EDUCATION

20-22, January 2012

**HOMI BHABHA CENTRE FOR SCIENCE EDUCATION
Tata Institute of Fundamental Research
V. N. Purav Marg, Mankhurd, Mumbai, 400088**

Mathematics is an important part of the curriculum at school and higher levels of education, but is widely thought to be difficult. Mathematics education throws up many challenges, which mathematics teachers, educators and mathematicians have tried to meet in diverse and innovative ways. The National Conference on Mathematics Education as a part of the National Initiative on Mathematics Education (NIME) is aimed at providing a platform for sharing these efforts and to develop a perspective on the status of mathematics education in India at the school and university levels.

We invite submissions for paper and poster presentations at the conference. Authors need to submit an extended abstract of about 2000 words on any of the following themes
online at the webpage: <http://www.hbcse.tifr.res.in/nimenc>
or by email to nimenc@hbcse.tifr.res.in :

- Historical and Cultural aspects of mathematics and mathematics education
- Systemic and policy aspects of education
- Curriculum and pedagogy at various levels
- Teacher education and development

The proceedings of the Conference will provide inputs for a report on the status of mathematics education in India, to be presented at the International Congress of Mathematics Education (ICME-12) in Seoul, South Korea in July 2012.

NIME 2011-12

The National Initiative on Mathematics Education (NIME 2011-12) includes five Regional Conferences and a National Conference, providing a broad and representative platform for initiatives in mathematics education at various levels. The proceedings of these conferences will provide inputs to a report on mathematics education in India, which will be presented by India at ICME-12.

NIME 2011-12 is supported by the Indian National Science Academy (INSA) and the National Board of Higher Mathematics (NBHM).
